

## VISIT SASGA YACHTS ON BERTH QSP 004 AT THE CANNES YACHTING FESTIVAL

A 'must see' if you are planning to attend the Cannes Yachting Festival is Sasga Yachts, who build the charming Minorchino range, designed by Barracuda Yacht Design.

With models comprising the 34, the 42 and the 54, and characterized by an outwardly traditional look and feel, these wonderful boats have benefited from our distinctive design and solid naval architecture, resulting in a range offering a refreshing alternative to hoards of similar looking displacement and semi-displacement boats.

At Barracuda we took the best attributes from the original centuries-old Menorcan fishing boat design and created modern, comfortable and fuel-efficient cruisers that are renowned for voluminous hulls and good sea-keeping.

## Minorchino

With the Minorchino 34 nominated in last year's prestigious Boat of the Year awards and an all new 68 flagship in the pipeline, our successful partnership with Sasga Yachts grows from strength to strength.
