

@ MONACO YACHT SHOW 2017

With a diverse portfolio of yacht design ideas and forward-thinking concepts to show you, be sure to visit us at this year's Monaco Yacht Show where you'll find us at our regular location on stand DG2 (Designer's Gallery 2).

66M FAMILY MY – CLASSIC FORMAT

We've had an amazingly busy year so far. In addition to our new yacht designs – several of which are undergoing construction right now – we've also had requests for stability work, optimization work and help with rig & deck layout. We've also assisted with a fresh look at interior space planning on a proposed major superyacht refit.

And with four new and talented design and naval architecture staff having joined us this year, we are ready, willing and more than able to develop further your own ideas for future yacht design. For an initial discussion, contact us now.
