

DESIGN DILEMMAS SOLVED!

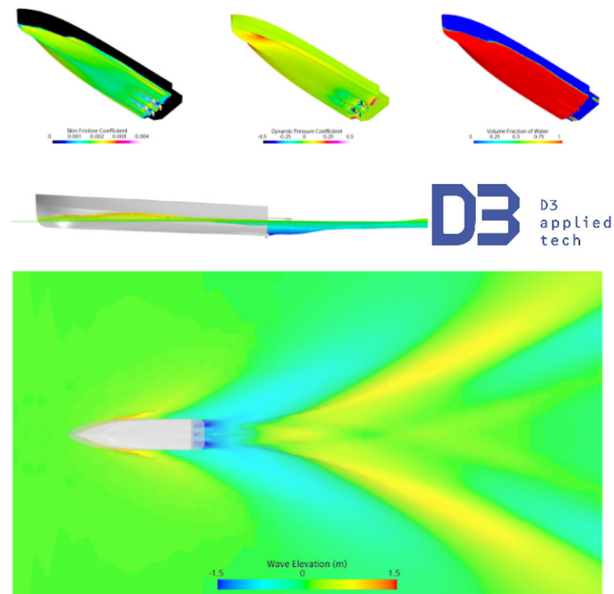

IF YOUR PROJECT HAS STALLED FOR ONE OR MORE REASONS, OR IF YOU SIMPLY NEED A FRESH PERSPECTIVE AND A NEW PAIR OF EYES, BARRACUDA YACHT DESIGN HAVE BEEN PROVIDING NAVAL ARCHITECTURE, DESIGN AND STRUCTURAL SOLUTIONS TO CLIENTS FOR OVER 30 YEARS.

But we're not just problem-solvers for projects with conflicts, we offer a complete naval architecture + design service for game-changing new builds, one-offs and series production yachts.

Managing Director, Iñigo Toledo, and his talented and innovative naval architect team can step-in at any stage, adding strength, depth and vision to your existing project, or can take over more management responsibility should you need...

For interior and exterior work, hull forms, spacial layout, or anything connected to CFD and optimization, we are a friendly, flexible, and easy company to work with, well used to working with different nationalities and currently involved on seven projects at various stages of completion.

From new-builds to part-completed designs, in a stormy sea, we are the safe haven you need.

Managing Director, Iñigo Toledo, will be at Cannes Yachting Festival on Sep 14th and would welcome an initial discussion.
